

Nebo School District Board of Education

Policy ECBA

RIGHT-OF-WAY AGREEMENT

As the district grows in size and complexity, an ever increasing number of requests are received from contractors requesting approval to cross our property with utilities, roads, etc. It has been our experience that in most cases our properties and facilities have not been restored to their original condition. The restoration of this unfinished work has developed into a sizeable job as well as a strain on our budget. For this reason, the following policy shall be in effect:

It shall be the policy of the Nebo School District to require each contractor making such a request to deposit with the clerk of the Board a cash bond, or a cashier's check, as a guarantee of complete and satisfactory restoration of all properties, fences, equipment or other affected facilities. The amount of bond, or cash deposit, will be determined by the size and/or complexity of the project with a minimum of \$1,000.00. The bond, or cashier's check, must be in the hands of the clerk before any work is started.

A refund of the deposit will be made at the completion of the project and after the Director of Buildings and Grounds has inspected all affected facilities and is reasonably satisfied that the restoration is acceptable.

Date: 6/80
