Superintendent's Message: Nebo Heroes – The Sequel

Two years ago, I shared the following message. It seems even more applicable and appropriate today:

Author Kevin Brown teaches: "There's an old motivational quote that says, 'If it's to be, it's up to me!' How true it is. Unfortunately, in many organizations people have modified the quote to say, 'If it is to be, don't look at me!'"

"They look to the people around them and point the finger. They look to leadership and blame them. They spend more time looking for the reasons they can't get it done and almost zero time figuring out how make it happen. To them, it is everyone else's fault that they can't achieve better results.

Heroes act differently.

"Heroes are the epitome of what it means to take responsibility for their results. They own the moments that matter and know beyond a shadow of a doubt that every moment matters. They spend their time looking for ways to make it happen, get it done, and produce the best possible outcome for the people they serve.

"The choice to be extraordinary and serve at a higher level is always a personal choice regardless of whether you work in the best culture on the planet or one that could use a little work. Being extraordinary is your birthright, your responsibility, and your choice every day.

Heroes choose wisely.

"Take not your superhuman gifts for granted. For with great power come the enormous responsibility to develop yourself and use your gifts to change the world in some positive way."
(The Hero Effect, p. 74-76)

I am so thankful for the tremendous efforts given by all of our employees to ensure that student learning, parental support, and community resilience have remained strong and viable during these challenging times. We hope every employee feels of our support and knows of our concern for their individual welfare. We love and appreciate our Nebo Heroes:

Extraordinary people who are at their best when it matters the most!!!

Testimonials of the Nebo Health & Wellness Clinic

in Partnership with **CareHere!**

◆ "I am so grateful to have the Nebo Clinic available to employees. I was able to quickly schedule an appointment online and get into the clinic the next morning. The staff was very friendly and accommodating and made me feel welcome from the minute I walked in. I was able to get my vitals done, meet with the doctor and get my prescriptions I need and was out the door in less than 15 minutes. I felt like they really cared about my well being in a short time and wanted to make sure I felt better and had everything I needed before I left. Thank you Nebo School District for this wonderful benefit to our employees!"

◆ "The staff was very friendly & made me feel comfortable!"

◆ "Loved my visit — fast & friendly!"

◆ "Thanks for the visit. :)"

◆ "Cynthia was amazing! So kind & knowledgeable."

◆ "My adult daughter had double ear infections. They met her at the door and gave her a prescription. She loved it and is singing their praises. As a parent I could say, it is only \$35 for my adult daughter to pay."

◆ **The Nebo Clinic has a guarantee for next day appointment.**
